Illinois 131 Improvements in Waukegan

CHICAGO – The Illinois Department of Transportation announced that a resurfacing project on Illinois 131 in Waukegan will begin, weather permitting, Wednesday, Aug. 9.

The project consists of resurfacing 1.4 miles of Illinois 131 from just south of Illinois 132 to just north of Illinois 120. In order to complete the work, daily lane and shoulder closures will be required during the daytime hours.

The estimated completion date is late October.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
